

Library Media Specialists Assisting the Classroom

- Provide access to materials in all formats, including up-to-date, high-quality, varied literature to develop and strengthen the love of reading
 - Provide students, educators, and staff with instructional materials that reflect current information needs.
 - Assist classroom teachers in locating interesting materials and bringing the resources of the world into the hands of the students
 - Collaborate with teachers to improve instructional strategies and design curriculum that integrates content areas with information literacy skills
 - Teach and coach students in using the research process
-

So... what could this look like for you? Just imagine! We can ...

- Come to your classroom and do **book talks**
- Prepare and **bring a cart of resources** to your classroom
- **Show your students** how to find and use the online resources
- Give you a **tutorial** on how to use the online catalog
- **Find websites** to match your curriculum
- **Help you design** your next project or research assignment
- Create and plan an **event or performance** to take place in the library
- **Teach** your student about the research process
- Assist you in **planning your next unit**
- Put together **resource lists** for your assignment

You may check out **unlimited amounts of** materials and equipment from the library. **All items should be returned before the last working day of the current school year.** That being said, please return materials as soon as you are finished so others can have access.

If you would like us to order something, please let us know. We need to know the educational objective and what group of students is impacted for each item requested. We will do our best to accommodate you based on our budget and other requests received.

The sky's the limit! We so look forward to working with you!
