## CHILD FIND

What is Child Find? It is how Williamson County Schools identify children who may benefit from extra support. This may include children who are gifted, as well as children who have trouble hearing or seeing, need special education services, or need support to learn. For children ages birth to 5 years a screening may be done. To refer a child for a screening, call Student Support Services at 472-4130. For children from kindergarten through the age of 21, there are vision and hearing screenings performed in 1<sup>st</sup>, 3<sup>rd</sup>, and 5<sup>th</sup> grades. Also, all students are screened for giftedness in the 3<sup>rd</sup> grade. Finally, any child may be screened anytime it is requested by a teacher, parent or concerned individual. If you have any more questions, please feel free to contact Hunters Bend for more information.
