Tammy Pahle called the meeting to order at 7:07 p.m. Board members provided an update on their organization.

Band Boosters: Quarterly report was provided to the PTSO treasurer. They reported that the IRS had requested a 1099 form/report and that this has been completed. The band boosters recapped on their year of events, competitions and fundraisers. They expect next year to be their largest recruiting class.

Touch Down Club: No representative for this group was present. They did send in their quarterly report.

IAC: The quarterly report was provided to the treasurer. IAC explained that they represent all sports except football. They reviewed revenue and expenses for the year and shared future ideas for the organization such as field maintenance and banners for sponsors.

PTSO: The year was summarized and the PTSO approved grants were reviewed. The board members were reminded that the Williamson County school board wanted the year end reports by August 15, 2009 so the PTSO is requesting the sub-committees to provide their year end reports to Suzanne Perry by or before July 31, 2009. Suzanne will then compile the information for the school board and the tax return.

The Board of Director's meeting was adjourned at 7:41p.m.

Respectively submitted, Patti Corl PTSO Secretary
