

Longview Elementary School  
Birthday Book Program  
2009-2010

The Longview Library staff is thrilled to announce an exciting way to recognize your child's birthday and add to the school's library collection.

For a donation of fifteen dollars (\$15), parents may dedicate a new book to the library. Your child will work with the library staff to select a book that they want to donate to the library. The book will have a nameplate honoring your birthday girl or boy, and the new book title will be announced to the child's class during library time or in his or her classroom. Your child then will have the opportunity to be the first to check out this book from the Longview library before it is returned to regular circulation. In addition, a picture of your child posing with the selected book will be posted on a "Birthday Book" bulletin board in our library.

To dedicate a book in recognition of your child's birthday, fill out the form below, or check on the Longview Web Site for a form. Thank you for your support!
