

Many children forget some of what they've learned in reading or slip out of practice during the summer months. It's hard to keep up a reading routine in a season packed with distractions and diversions – but try to fit reading into your busy schedule and make reading fun!

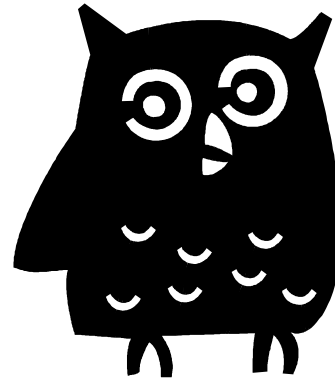

Research shows that reading just six books during the summer may keep a reader on track. When choosing the six (or more!), be sure that they are just right – not too hard and not too easy. The Oak View library will be open most Wednesdays during the summer for book checkouts. The Williamson County Library will run a summer reading program that also helps motivate kids to read.
