Report on Fields

Per Kevin Fortney, the county will fence the baseball & softball fields, pour the concrete for the dugouts and put the roof on. They will pour a concrete slab for the football bleachers. Williamson County Parks & Recreation may provide maintenance for the fields. Members are needed to work on this committee.

Secretary's Report

The By-laws should be ready for the January meeting. Discussed new positions and that elections will be in April and the new Board will take over in May. Improvements have been made to the SAC page of the school's web site. Minutes will be located there along with other information. Trying to get the names of our 158 members on the page. Coaches, please let Terri McCoy know of your sport's highlights so we can put this on our web page.

Sunset Stampede 5K Fundraiser

Amy Finnegan advised that there is a conflict with the date of April 14th. Motion was made and passed to move the race to April 7th. Cost will be \$18.00 for pre-registered adults and \$20.00 the day of the race. Students will be \$8.00. Amy is working with the Nolensville Police Dept and the Sheriff's Dept on the best route but the race will end up in the back of the school for awards, raffle, food, and drinks.
