Ordering school supplies through WGES's PTA Schoolkidz Program allows all students to be prepared with supplies that are alike and that meet the specifications of our teaching teams.

The PTA will only sell school supply kits during the 30-day period March 24 through April 23 due to sales tax regulations for the state of Tennessee. After that date, parents may go to www.BuildaKit.net for the opportunity to order a kit similar to the one available through the PTA. Please note that all items offered by the Staples Schoolkidz Program are not available at the "Build a Kit" website.
