Allendale elementary has a school nurse who is present daily until 3:30 p.m. The nurse will call you if your child has a temperature of 99.5 degrees or higher, is vomiting, has diarrhea, pink/red eye, a rash of unknown origin, or an injury. The nurse requests students be picked up within one hour of being notified that the child is sick or injured.

The clinic will not provide over-the-counter medications unless the parent brings them to the nurse and has the proper forms completed. The clinic does not provide crackers, food of any kind, or soft drinks (i.e. Sprite) to give to students.

If you know your child will need medication (over-the-counter or prescription), whether it's for one day, one week, or for the whole school year, please read the Medication Rules below and contact the school nurse at 472-5135.

### MEDICATION RULES
(Tennessee State Law)

- **Students are not allowed** to carry any type of medication on them without the school nurse’s knowledge. This includes Tylenol, Advil, Aleve, cough drops, antibiotics, inhalers, steroids, benedryl and Midol.
- **ALL medications** will be brought to the school nurse by a parent/guardian.
- There will be forms to complete for all medications given to a student for more than a week. These forms may change each school year, so get them from the school nurse instead of your physician.
- **Prescription medications** must come in a prescription bottle with a pharmacy label stating dosage and time to take medication, whether it's every day or as needed. The nurse will accept 30 pills at a time if your child takes daily medications.
- **Over-the-Counter medications** must have the unopened, original box with the child's name and grade on it. There will be a form to complete for each medication left in the clinic.
