Parking Procedures

1. Only Students who have been assigned a parking pass by BHS staff may park on campus. Student’s parking pass must be displayed, from rearview mirror at all times, when on campus. Student’s names on parking pass must be visible when displayed.
   - Seniors: Lot A (first come basis and overflow parking is Lot C)
   - Juniors: Lots B (first come basis and overflow parking is Lot C)
   - Everyone may use Lot C

2. Students parking in Lot C must remove their vehicles by 2:45 each day during marching band season. This lot is used immediately after school for band practice. Vehicles not moved by 2:45 will be towed at the driver’s expense.

3. Students apply for a parking pass in Student Services. A valid driver’s license and this completed form are required.

4. Cost for the parking pass is $15.00 per year. If lost, parking permits must be replaced by purchasing a new permit for the full amount.

5. Parking passes are non-transferable. Students are not to sell, give or lend their parking pass to anyone else.

6. Students must obey all traffic laws. Students should drive courteously and safely and not drive over grass, medians or curbs. The speed limit is 10 mph on BHS campus. Students are expected to park in a parking space designated within white lines.

7. Parking in faculty, handicapped, and visitor parking spots is not allowed without administrative approval.

8. Once arriving at school each day, all occupants of the vehicle must promptly enter the building. Students are not allowed to reenter the parking lot, at any time during the school day, without grade level administrator permission.

9. Students without a parking pass must obtain a temporary parking pass from Student Services, even if it’s only one day.

10. Student parking is a privilege. Any violation of the rules will result in detention, ISS, loss of driving/parking privileges, or towing of the vehicle at the driver’s expense.
