Welcome to the 2018-19 School Year from Brentwood Middle School Athletics

BMS has a long history of supporting and encouraging our students both on and off the field. In 2018-19 BMS had over 500 student athletes participate in a sport at Brentwood Middle. As a community, we look to build off our accomplishments from the previous years to maintain our standard of excellence on and off the field.

Athletic Eligibility (WCS Board Policy 4.301)

For an athlete to play a game, s/he must have attended school for at least half the school day. The athlete must also pass (70%) of all four academic subjects in the previous nine-week grading period and maintain that academic eligibility throughout the season.

Final Forms (Sports Physicals)

All BMS athletes must have a current physical (post April 15, 2019) on file with the coach of each sport. A copy of your physical (not your original) must be given to each coach at the time of tryouts. In addition, parents will need to visit wcs-tn.finalforms.com to set up an account on Final Forms.
