Centennial Families:

The Williamson County Board of Education has approved a Student Fee List for consumable supplies needed for the academic school year. This funding provides items that are necessary to enhance the classroom learning experience. The WCS approved student fee list can be found on the CHS Website under the Academics tab. CHS teachers will post how their fees will be used on each individual class syllabus or teacher website.

Please know that the Tennessee Law regarding school fees states the following: “School systems may request but not require payment of school fees. No fees may be required of any student…as a condition to attending the public school, or using its equipment while receiving education training.”

Although it may seem an inconvenience, it is necessary for accounting purposes that individual checks are written for each class fee. If you choose to contribute, please make your checks payable to “Centennial High School” and return to each individual teacher.

We thank you in advance for your continued support of our academic program at Centennial High School.

Sincerely,

Leigh Webb, Principal
