

Digital Learning Plan

Brentwood Middle School
Williamson County Schools

Digital Learning Plan at BMS:

- Students and parents must sign a WCS “Authorization for Distribution” form prior to their child receiving a Chromebook. This form will be live in Skyward Family Access in the next couple weeks.
- Once the “Authorization for Distribution” form is signed, the student will be able to receive a Dell Chromebook 3100 2-in-1 computer to be used each school day for instruction and learning throughout the 2019-2020 school year.
- Students will be allowed to take their Chromebook to and from school in order to complete their schoolwork.
- Chromebooks will be distributed to students that have completed the WCS “Authorization for Distribution” form during the 1st week of school in August.
- Student’s Chromebooks will automatically use the WCS filters and firewalls when working on and off the BMS campus.
- Students and teachers will be working in Schoology, which is an online learning management system similar to Google Classroom.
- BMS will have a full-time technician working to support each student’s Chromebook. If students have any technical difficulty throughout the school year, they are required to report it to the BMS technician immediately. The BMS technician will be housed in the BMS Library.
- BMS will also have a full-time technology literacy coach working with teachers and students to successfully embed technology into teaching and learning at BMS.

Student Responsibilities:

- Bring computer to school daily.
- Have computer charged completely at the beginning of each school day.
- Provide a protective case or sleeve fitting a Dell Chromebook 11.6 for their individual computer.
- Use the Chromebook appropriately and for academic purposes only.
- Additional student responsibilities will be defined in the “Authorization for Distribution” form that students and parents must complete prior to a student receiving a Chromebook.

Computer Specifics:

For more information on the Chromebook 3100 2-in-1, please go to the following website:
