3.2001

TELEPHONE SERVICE

1 The Board recognizes the importance of providing adequate telephone service for the schools.
2 Standards of adequacy shall be reasonable and equitably determined on the basis of the service
3 required and funds available for the efficient operation of the schools.
4

5 Telephone use procedures shall be developed by the principal to specifically include the logging of
6 all long distance calls and protecting schools from illegitimate expenses from and damages to the
7 telephone.
