

# Williamson County Board of Education

Adopted Date:  
11/14/78

3.2014

SAFETY INSPECTIONS

1 All students, teachers, and others exposed to the risks incident to working with the materials,  
2 equipment, and/or performing the acts described below shall wear eye protective devices of  
3 industrial quality.  
4

- 5 A. Vocational or industrial arts courses or laboratories using or concerned with:  
6 1. Hot molten metals;  
7 2. Milling, sawing, turning, shaping, cutting, grinding, or stamping of any solid materials;  
8 3. Heat treatment, tempering, or kiln firing of any material or other materials;  
9 4. Gas or electric arc welding;  
10 5. Repair or servicing of any vehicle;  
11 6. Caustic or explosive materials;  
12  
13 B. Chemical or combined chemical-physical laboratories using caustic or explosive  
14 chemicals or hot liquids or solids.  
15  
16

17 Eye protective devices shall be considered of "industrial quality" when they meet the standards of  
18 the American Standards Association Safety Code for Head, Eye, and Respiratory Protection  
19 promulgated by the American Standards Association, Inc.  
20  
21

22 The principal or his designee is responsible for assuring that appropriate safety checks are made in  
23 these areas with assistance to be available upon request from the central staff.
