STUDENT TRANSPORTATION MANAGEMENT

All school buses shall be parked, stationed, or stored only at locations approved by the Transportation Director.

All school buses and other vehicles owned and operated by the Williamson County School System will receive maintenance inspections on a regular basis as determined by the Transportation Director.

Students are prohibited from bringing dangerous objects, opened beverages and “messy type food” aboard buses when being transported to and from school.

Firearms, sharp instruments, smoking or explosives in any form shall not be permitted on any school bus at any time.

All accidents involving a school bus must be immediately reported to the Transportation Director. If any part of a school bus rubs, scrapes or touches anything in such a manner as to cause damage to the bus or object, an accident shall be deemed to have occurred.
