EXTRA DUTY

1 Teacher attendance at designated meetings is considered part of the normal duty of a teacher.
2
3 A teacher who finds it impossible to attend an assigned meeting will notify the building Principal or
4 the committee chairman beforehand so that all absences will be accounted for.
5
6 The Board feels that the duties that may be assigned are a part of the regular responsibilities of a
7 teacher, and repeated absences or failure to perform those duties may result in the dismissal of the
8 teacher, as defined in the Teachers' Tenure Law.
