STUDENT TRANSPORTATION MANAGEMENT

1 The transportation of students is an integral part of the regular school program. This service is organized to  
2 provide eligible pupils safe transportation to the district schools and home and/or other related activities.

3  
4 School buses shall not be used for any purposes other than that of transporting public school students of  
5 Williamson County Schools and for community enhancing purposes which are organized by Federal, State  
6 or Williamson County government for the benefit of Williamson County Schools' students or which have as a  
7 primary purpose raising funds to be administered by Williamson County government.

8  
9 Safety and adequate protection shall be primary requirements which must be observed in transporting all  
10 students of the Williamson County Schools.

11  
12 All buses and other vehicles owned and operated by the Williamson County School System shall be safety  
13 inspected by the assigned driver and the transportation director on a regular basis. The transportation  
14 director shall develop and maintain a safety inspection record which shall be filled out and signed by the  
15 individual who conducts the inspection. In addition, all buses shall be available for the regular state  
16 inspections. Any defects noted by either the regular local or state inspection shall be remedied  
17 immediately. All buses must pass a regular inspection by the transportation department at least quarterly.

18  
19 A school bus with or without passengers shall not exceed the posted maximum speed limit; however, in no  
20 case shall a bus exceed 35 m.p.h. on unpaved roadways. Violation of any Tennessee traffic law will be  
21 considered as grounds for dismissal of a driver.
