SUICIDE PREVENTION

1 The Williamson County School System shall work in cooperation with parents/guardians and the
2 community as a team.

3
4 The School Board expects that faculty and staff be equipped with practical skills and usable
5 information that can be of help to children who are at risk. All School Board employees need to be
6 alert to the warning signs. Any warning information needs to be reported to the principal. The
7 principal is the leader and decision maker concerning referred information.
8

9 The principal should:

- 10
11
12 1. Contact the parent/guardian of student exhibiting suicidal behaviors;
13 2. Serve as liaison among professionals; and
14 3. Make social worker referrals to parent/guardian concerning a high risk student.
15

16 Specific resources to assist in suicide prevention, intervention and postvention will be made
17 available on an annual basis to principals, school counselors and teachers.
