Instructions: For this assignment, you are to create a storyboard for your video. A storyboard is an outline of your projects. For each clip in your video, identify the text along with the image, audio, and effect of the clip. Also identify the transition that will be used between clips. If you choose to use a voiceover for your clip, also identify what will be said.

What is the meaning/purpose of the movie? _________________________
The text, images, audio, effect, transition and the voiceover should all support the meaning/purpose and tone of the movie.

**Image/Video:**
