Skyward Family Access
Gradebook View

2. Select Gradebook using the menu bar on the left.

3. Missing Assignments will be displayed at the top.

4. Select Display Options to personalize the Gradebook screen.

5. To view the category breakdown with assignments, select the average in the grading period you would like to view. The average will appear in the same row as the class title.

Example:

Please note that if you are looking at the Category Summary prior to the end of the grading term, some category weights may be temporarily reallocated to other categories until a grade is recorded for that category.
