E. Communications to the Board
1. Superintendent’s Report

   Dr. Mike Looney began his report with an update on the budget process, stating he had the privilege of presenting the proposed budget to the Education and Budget Commission committees. A request was made from the mayor’s office to reexamine and create a list of priorities that could be cut from the budget if total funding was not received. Dr. Looney recommended proceeding to the County Commission with our proposed budget, which is a prioritized budget based on the needs of our school district.

   Lengthy discussion by the Board continued in support of Dr. Looney’s recommendation and the items already cut from the budget in an attempt to present a status quo budget to the County Commissioners. The Board made unsolicited cuts, in addition to not funding certain programs or otherwise addressing many of the community’s goals that were developed and established with our Strategic Plan.
The budget represents unrequested cuts offered by the school district, as well as one with significant cuts in federal funding.
