| **Standard 7:**

Students will identify, select, inspect, safely use, maintain, and store power tools.

- 7.1 Demonstrate the proper use of striking tools.
- 7.2 Demonstrate the proper use of cutting tools.
- 7.3 Demonstrate the proper use of torque producing tools.
- 7.4 Demonstrate the proper use of grinding and shaping tools.
- 7.5 Demonstrate the proper use of clamping tools.
- 7.6 Demonstrate the proper use of pulling and lifting tools

- I can demonstrate the proper use of power striking tools
- I can demonstrate the proper use of power cutting tools
- I can demonstrate the proper use of leveling and squaring tools
- I can demonstrate the proper use of power clamping tools

| **Standard 6:**

Students will identify, select, inspect, safely use, maintain, and store hand tools.

- 6.1 Demonstrate the proper use of striking tools.
- 6.2 Demonstrate the proper use of cutting tools.
- 6.3 Demonstrate the proper use of torque producing tools.
- 6.4 Demonstrate the proper use of leveling and squaring tools.
- 6.5 Demonstrate the proper use of grinding and shaping tools.
- 6.6 Demonstrate the proper use of clamping tools.
- 6.7 Demonstrate the proper use of pulling and lifting tools

- I can demonstrate the proper use of power striking tools
- I can demonstrate the proper use of power cutting tools
- I can demonstrate the proper use of leveling and squaring tools
- I can demonstrate the proper use of power clamping tools
